

Information Acumen: The Understanding And Use Of Knowledge In Modern Business

Understanding L&D Buzzwords

Microlearning:

This means delivering knowledge in bite-size chunks – often using video (as short as 3 minutes, or even 20 seconds!). The main ideas behind micro-learning are the need to make learning available at the moment of need and the brain's preference for small chunks of information at a time, which are easily understood and remembered.

Learn something new every day.
