

# Family Doctor: Good Advice For Better Health

Not everyone has an equal opportunity to be healthy.  
**Family physicians can help – find out how.**

**MICRO RECOMMENDATION #2:**

To ensure your practice is accessible to all patients, consider how your practice presents itself, especially to marginalized patients.

For example, one practice funded a transit token bin to help low-income patients get to and from appointments. Small changes can significantly improve the accessibility of your clinic!
